

CIC bioGUNE is looking for highly-motivated early stage researchers of any nationality interested in applying for the *Doctoral INPhINIT Fellowships*: [Doctoral INPhINIT fellowships - "la Caixa" Foundation \(lacaixafoundation.org\)](#)

CIC bioGUNE (<http://www.cicbiogune.es/>), member of the Basque Research and Technology Alliance (BRTA), is awarded with the "*Excelencia Severo Ochoa*" accreditation by the Spanish Ministry of Science and Innovation, the highest recognition in Spain for excellence in research. CIC bioGUNE is a **key research center** within the national and international scientific landscape and has emerged as a knowledge source in the area of health science. The cutting-edge scientific activity of CIC bioGUNE researchers explores the interface between Chemistry, Structural, Molecular and Cell Biology, with the aim of developing a more Precise Medicine.

CIC bioGUNE is an Endorsing Institution of the *European Charter for Researchers & Code of Conduct for Recruitment of Researchers*, guaranteeing the best framework conditions to contribute to the professional/personal development of researchers.

The doctoral fellowship programme *INPhINIT "la Caixa" 2024* grants fellowships are aimed at supporting the best scientific talent and fostering innovative and high-quality research by recruiting outstanding international students and offering them an attractive and competitive environment for conducting research of excellence.

This programme is divided into two frames:

- [Doctoral INPhINIT fellowships Incoming - "la Caixa" Foundation \(lacaixafoundation.org\)](#)

Candidates **cannot** have resided or carried out their main activity (work, studies, etc.) in Spain for **more than twelve months** in the three years immediately prior to the deadline for applications (**24 January 2024**). Find here CIC bioGUNE's projects: [Finder \(lacaixafoundation.org\)](#)

- [Doctoral INPhINIT fellowships Retaining - "la Caixa" Foundation \(lacaixafoundation.org\)](#)

Candidates **must** have resided or carried out their main activity (work, studies, etc.) in Spain for **more than twelve months** in the three years immediately prior to the deadline for applications (**15 February 2024**). Bottom-up projects.

Short stays, such as holidays, spent in a country other than their country of usual residence (where they carried out their main activity), will be considered as time spent in their country of usual residence

Application procedure:

Candidates should submit their CV, along with a motivation letter (1 page) using the following [form](#) and indicating 44611 + name of the most preferred laboratory ([Groups | CIC bioGUNE | Center for Cooperative Research in Biosciences](#)) as reference.
