

Doctoral INPhINIT INCOMING Fellowship Program

"la Caixa" Foundation

INPhINIT is promoted by the "la Caixa" Foundation with the aim of supporting the best scientific talent to the top Spanish research centers and fostering innovative and high-quality research in Spain by recruiting outstanding international students and offering them an attractive and competitive environment for conducting research of excellence.

INPhINIT Incoming recruits **PhD Early-Stage Researchers** of any nationality who enjoy a 3-year employment contract at the accredited Research Centre.

CIC bioGUNE is a key research center within the national and international scientific landscape and has emerged as a knowledge source in the area of health science. The cutting-edge scientific activity of CIC bioGUNE researchers explores the interface between Chemistry and Biomedicine, with emphasis on Structural, Molecular and Cell Biology. Two research programmes - "*Molecular Recognition and Host-Pathogen Interactions*" and "*Metabolism and Cell Signaling in Disease*" - are made up of more than a hundred scientists and technicians who concentrate on the molecular bases and mechanisms of disease to create new diagnostic methods and promote development of advanced therapies.

Located in the **Bizkaia Science and Technology Park** (Derio), the activity of CIC bioGUNE includes generation of both fundamental and oriented knowledge (publications, patents, lectures in institutions and congresses), training of research talent, and collaboration-building with local, national and international institutions. The center always places their technical advances, infrastructure, and scientific personnel at the service of society, health and business networks, and the global scientific community.

INPhINIT Incoming **PhD Positions will be available soon.**

Candidates **cannot** have resided or carried out their main activity (work, studies, etc.) in Spain for **more than twelve months** in the three years immediately prior to the deadline for applications (estimated: February 2020).
