

Postdoctoral Fellowships 2025 – Marie Skłodowska-Curie Actions

CIC bioGUNE is looking for highly-motivated experienced researcher of any nationality interested in applying for the Marie Skłodowska-Curie Actions Postdoctoral Fellowship call (HORIZON-MSCA-2025-PF-01): [EU Funding & Tenders Portal](#).

[CIC bioGUNE](#), member of the Basque Research and Technology Alliance (BRTA), is awarded with the “*Excelencia Severo Ochoa*” accreditation by the Spanish Ministry of Science and Innovation, the highest recognition in Spain for excellence in research. CIC bioGUNE is a **key research center** within the national and international scientific landscape and has emerged as a knowledge source in health science. The cutting-edge scientific activity of CIC bioGUNE researchers explores the interface between Chemistry, Structural, Molecular and Cell Biology, with the aim of developing a more Precise Medicine for the future.

CIC bioGUNE is an Endorsing Institution of the *European Charter for Researchers & Code of Conduct for Recruitment of Researchers*, guaranteeing the best framework conditions to contribute to the professional/personal development of researchers.

The Experienced Researcher must be in possession of a doctoral degree or have successfully defended their doctoral thesis **before call deadline (10-September-2025)**. Maximum 8 years from date of award of the first doctoral degree. This limit can be extended (in days) for different reasons ([Circabc](#)).

Moreover, **mobility criteria** are required:

- **European:** The researcher cannot have resided or carried out his/her main activity (work, studies, etc.) in Spain for more than 12 months in the 36 months immediately prior to the call deadline (some periods are not taken into account, [Circabc](#)).
- **Global:** Only Nationals or long/term residents of EU member states or countries associated to Horizon Europe. The researcher cannot have resided or carried out his/her main activity (work, studies, etc.) in the country of the associated partner hosting the outgoing phase for more than 12 months in the 36 months immediately before the call deadline (some periods are not taken into account, [Circabc](#)).

For more information, please contact: ipisa@cicbiogune.es

Application Details

Candidates should submit their CV, along with a motivation letter (1 page, including the Research Group of interest [Groups | CIC bioGUNE | Center for Cooperative Research in Biosciences](#)) using the following [form](#), and indicating **44611** as reference.
