

The Spanish Royal Society of Chemistry award their gold medal to Jesús Jiménez Barbero, Scientific Director of CIC bioGUNE

The Young Researcher Award was given to Alberto Fernández Tejada

(Bilbao, 26 April 2018). The Governance Board of the Spanish Royal Society of Chemistry (RSEQ) has awarded its Gold Medal, the highest level of recognition given by the institution, to Jesús Jiménez Barbero, Scientific Director of CIC bioGUNE.

Furthermore, within the series of prizes awarded annually by the RSEQ, Dr. Alberto Fernández Tejada, a professor at CIC bioGUNE, was given the Young Researcher Award. The official award ceremony will be held on 16 November in Madrid.
